

INSULATION PROFESSIONALS OF OHIO

A coalition of the industry's foremost Insulation Contractors – providing superior insulation services for **Industrial, Commercial** and **Residential** projects.

We are **Fire-Stopping** Insulation Experts!

Fire-stopping in buildings is part of effective life-preserving compartmentation: the formation of “boxes” built within a structure that keeps fire from spreading from the area of origin to other parts of the structure. Compartmentation is complete when penetrations, head-of-wall and perimeter and expansion joints are properly sealed with fire-stopping insulation.

Insulation Professionals of Ohio member contractors and their workforce of insulation professionals are committed to expertly crafting and installing the most modern life-preserving Fire-Stopping Insulation technology, utilizing standardized fire-stopping insulation techniques as a single source for all of a customer's fire-stopping needs.

The Insulation Professionals of Ohio is at the forefront of an increased focus on the importance of properly installing fire-stopping insulation materials through standardized design, installation, inspection and maintenance.
